

Working Group Evaluation Summary Report

Following completion of the Working Group evaluation, please answer the questions below followed by a review summary and a determination.

Working Group reviewers (include roles and affiliations):

Date summary report completed:

Evaluation Summary & Comments/Feedback

Please provide a summary of the findings made during this evaluation. The summary should include an analysis of the proposal's merits for implementation, any concerns or conflicts, any additional site considerations, and an initial determination. This summary report will be finalized following a formal 30-day public comment period by including a summary of public feedback and a final determination.

Initial determination: Recommended NOT Recommended

Final determination: Recommended NOT Recommended
