**ACTIONS TAKEN/ISSUES DECIDED**

- The working group, by consensus, elected as Working Group Chair, Joe Liebezeit.
- The timeline of future meetings was discussed, and it was decided to schedule two additional working group meetings. The scheduling date ranges in consideration are late June to early July, and late September to early October.
- The working group discussed the topic of representation on the group, and it was decided that a small number of agency and OPAC representatives is appropriate during the Offshore Wind Roadmap Roundtable process, when the function of the group is to provide advice to OPAC on Roadmap recommendations. During any future TSP rulemaking amendment process resulting from Roadmap recommendations, the working group recognized the need to include additional representation from a wider range of interests.
